

“Keeping your work & learning spaces safe from the start.”

WELCOME-CHECK™ TEMPERATURE SCAN & FACIAL RECOGNITION SOLUTION

Spinitar’s AV Solution Welcome-Check™ provides users with a hands-free thermal imaging solution that utilizes advanced thermal detection technology to quickly scan internal body temperatures. Combined with intuitive EZ-Pass software, Welcome-Check can quickly identify potential health and safety threats and help mitigate large-scale exposure. Welcome-check provides businesses and institutions with real-time protection and regulatory compliance, providing peace of mind for all guests, students and staff.
