

Mutare Text™

Alert

Secure Messaging

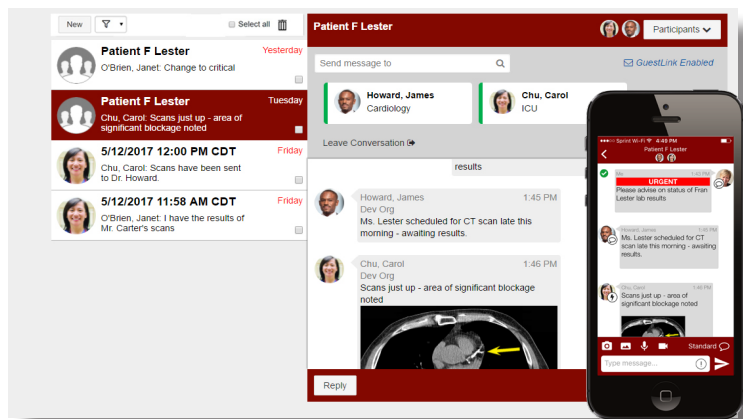

Mutare Text // Alert ensures that you get critical communications when time is of the essence. With all transactions fully encrypted, you have the power to collaborate with colleagues across various channels without risk of HIPAA or other regulatory infringement.

- Enables swift, secure, anywhere/anytime collaboration between individuals or groups within the organization
- Safely share protected information, including photos, videos, audio and file attachment

- Guaranteed message delivery with tracking on WiFi or cellular networks
- Simple, on-the-go user access through web or mobile app
- Manage multiple simultaneous conversations from a simple interface
- Integrates with existing IT systems

Features Include:

- Multimedia messaging capabilities
- Unique audio tones and visual alerts distinguish level of importance for incoming messages
- Reporting tools with downloadable files for analysis and compliance
- Secure access to transcribed voicemail through Mutare Voice integration
- Unlimited database

Mutare Text digitally stores all Alert interactions securely in the cloud with no local storage which protects your organization while securing valuable historical data for analysis and reporting.
